## ON REPEAT SERIES

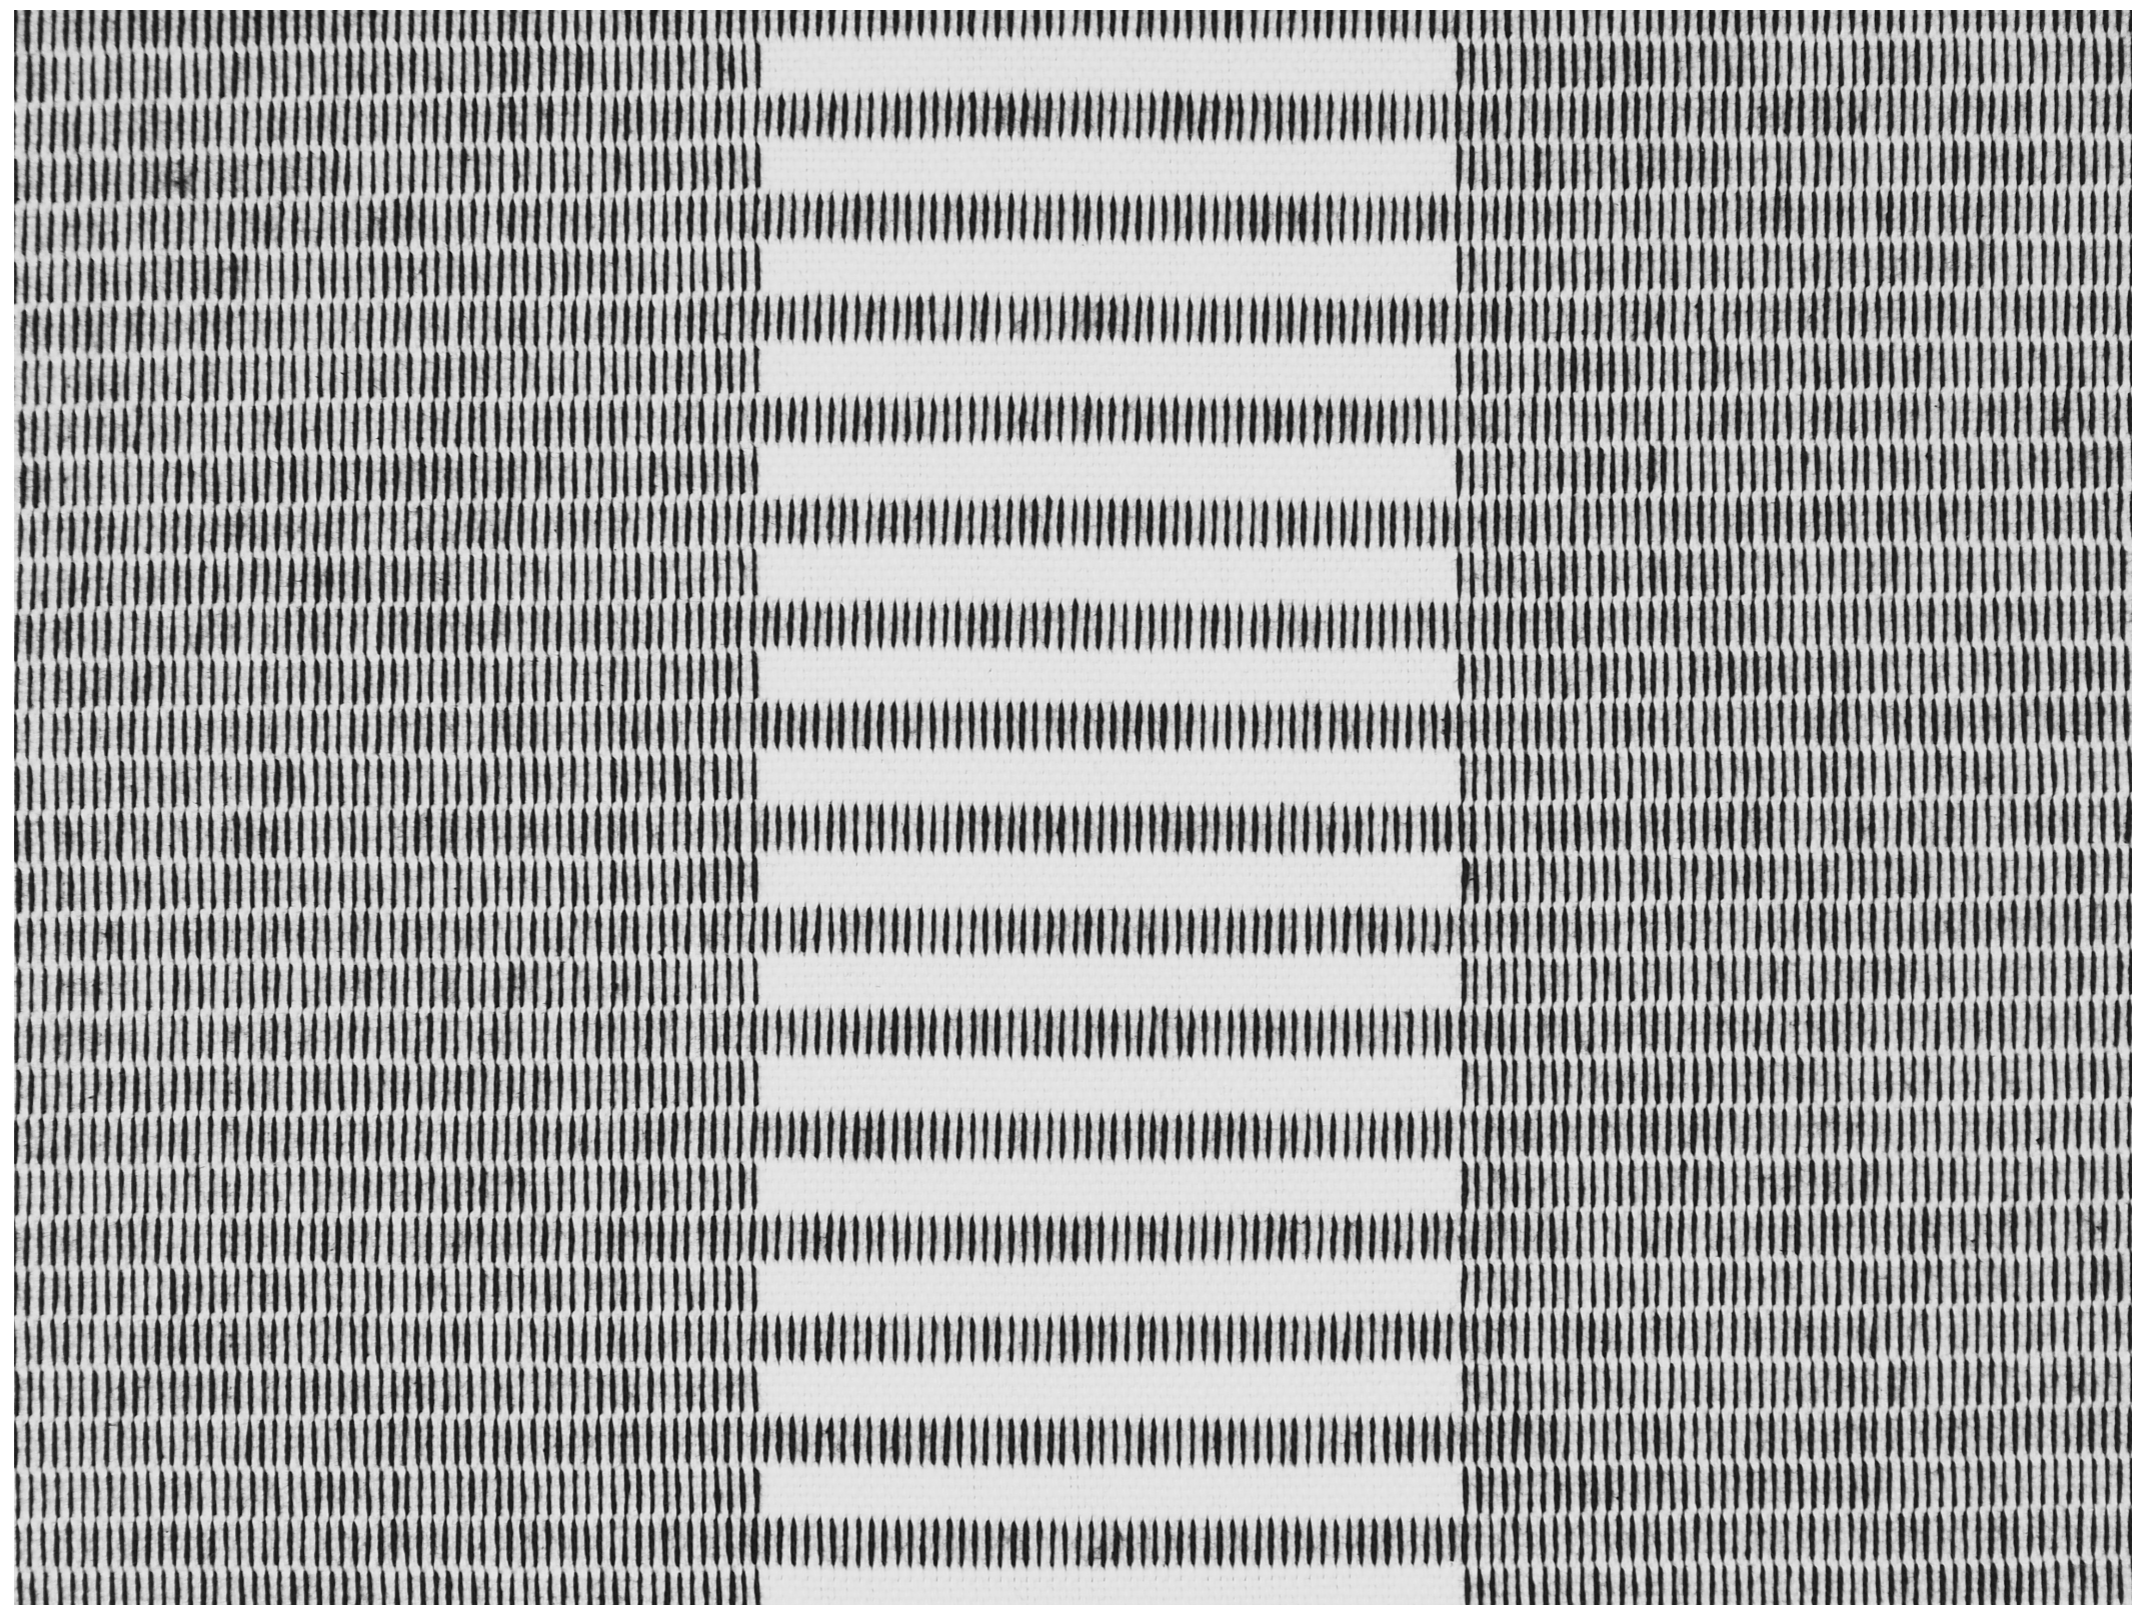

IN THIS SERIES, I EXPLORE SEEMINGLY INTACT STRUCTURES AND THEIR TIPPING POINTS. IN THE PROCESS OF STITCHING, THE EMERGING STRUCTURES SLOWLY START TO BECOME UNSTABLE THROUGH LITTLE SHIFTS AND THEN CHANGE THEIR PATTERN. SOMETIMES THE PATTERN STAYS CHANGED, SOMETIMES IT JUMPS BACK TO THE STRUCTURE BEFORE THE INTERRUPTION. THIS QUIET, SIMPLE PROCESS OF STITCHING REFLECTS ON BIG QUESTIONS REGARDING THE STRUCTURES OF OUR WORLD AND HOW TO CHANGE THEM.

## FRAGMENTS OF BEING SERIES

I see my sculptural drawings in my ongoing series „Fragments of Being“, as little snippets from a visual diary, ephemeral sketches, which could have emerged from being bored in math class. These „drawings without purpose“ however, hold some wisdom and are therefor an unfiltered reflection of a (un)specific time in space. While my drawings are a reflection of the inner world, my analogue photographs reflect on the outside world. Those two perspectives are in constant exchange.
